PARTNER WITH GIRP

GIRP provides companies with a business interest in the healthcare distribution sector with the opportunity to **closely associate themselves with GIRP, its members, activities and events throughout the year**. Annual sponsors are acknowledged as GIRP's partners and benefit from GIRP's well-established image as a highly efficient distribution network that provides reliable and rapid services.

- ❖ Expanding your business opportunities, promoting your products and services, and meeting your existing and potential European clientele (mostly top management and senior executives from the healthcare distribution sector),

- ❖ Accessing our extensive network of supply chain partners and other key actors in the healthcare sector (including EU institution officials, pharmaceutical industry representatives, retail pharmacists and full-service healthcare distributors).
- ❖ Anticipating market opportunities and benefiting from the latest information on current and future trends that affect the distribution of pharmaceuticals as well as the healthcare sector in general.

Hear what they have to say about being a partner of GIRP:

"The partnership with GIRP and the participation in their events allow us to be in regular contact with the key stakeholders and decision-makers of the distribution sector, stay informed of major developments and initiatives in the healthcare environment and have our own viewpoints and observations shared and challenged; and let's not forget about the fun and friendship!" **IQVIA**

"Systems and solutions as provided by KNAPP are "tailor-made" specifically for our industry and therefore we benefit significantly from the lively discussions at the Technical Committee meetings of GIRP. We, at KNAPP, see this as very beneficial for all parties involved." **KNAPP**

GIRP EVENTS

OUR PUBLICATIONS

GIRP promotes its annual sponsors through its member focused publications. These publications include:

Press Review	GIRP Market Focus	GIRP EU Insights	GIRP Annual Report
members-only*	members-only*	members-only*	public
weekly	monthly	quarterly	yearly

**members-only include our annual sponsors*

GIRP annual sponsors' logos are included in each publication and campaign. Each sponsor is entitled to write 1 editorial per year for GIRP Market Focus and articles as "news from sponsors" are published in our GIRP Market Focus. Please find more information on page 9.

Additionally, the GIRP website provides a platform for all external and internal communication.

GIRP annual sponsors have access to a specific part of the internal website ("Member Area") and therefore consequently gain general information and insights into upcoming legislation and political developments in the health sector. In the Member Area of the website, our annual sponsors have access to GIRP's Publications, GIRP Statutes, Conference proceedings and Documents of General interest.

SPONSORSHIP PACKAGE

Our annual sponsorship opportunities include 3 categories of annual sponsors, providing different benefits*:

Partnership Sponsor **65 000 €**

Associated Sponsor **40 000 €**

Supporting Sponsor **20 000 €**

21% VAT excluded.

**The sponsorship of our Supply Chain Conference is an additional package. It is not included in the above packages.*

**The benefits included in the sponsorship packages that are related to the events might change in case of restrictions consequential to COVID-19 pandemic.*

► Internal Meetings

Partnership and Associated Sponsors are invited to hold presentations in front of our Managing Board and Board, General Assembly, and Committees (Technical, Legal Affairs, Economic and Social Affairs, Public Affairs and Policy, Digitalisation Working Group). This is organised on a rotating basis and following a specific request to the GIRP office. In addition, Partnership Sponsors can choose one Committee in which they can hold a permanent observer seat.

Supporting Sponsors may hold one presentation per year in front of one of our Councils (Advisory Council Supply Chain Solutions and Retail), Committees (Technical, Legal Affairs, Economic and Social Affairs, Public Affairs and Policy, Digitalisation Working Group) or Project Groups. This is organised on a rotating basis and following a specific request to the GIRP office.

The recent outbreak of the COVID-19 pandemic and the consequent lockdown measures and travel restrictions have confirmed both the importance of digital services, especially in healthcare, and the existing limits to the developments of digitalisation in the healthcare sector. Full-service healthcare distributors move with the times. They recognise that the future is digital and have been digitalising not only their internal operations and processes but also their services.

To discuss current projects, challenges and common positions, GIRP created a new Digitalisation Working Group to explore the opportunities and challenges brought forward by the ongoing digitalisation of the healthcare supply chain. It brings together GIRP members with sound digital expertise and experiences in the field on a bi-monthly basis. GIRP sponsors may hold an observer seat or give a topic-related presentation at one of the Digitalisation meetings.
